### Public Service Pensions Indexation

Public service pensions in payment, together with those that are deferred for payment at a future date, are indexed annually based on the annual change in the Consumer Prices Index (CPI) measured as at the previous September.

In the 12 months to September 2021, CPI was 3.1%. As a result, an increase of 3.1% from 11 April 2022 is to be applied for either pensions in payment or deferred pensions.

The UK Government expects to lay the Pensions Increase (Review) Order 2022 in March 2022.

### Employee Contribution Pay Banding 2022-23

It was agreed during the pension reform discussions that employee contribution rates would be fixed for the period 1 April 2015 to 31 March 2019, however these rates continue to remain unchanged for 2022-23. The pay bandings in the contribution table would, however, be adjusted each year in line with CPI. The table below therefore reflects the adjusted earnings bands for the

scheme year 2022-23, and applies to STPS 2015 and the pre-2015 Scottish Teachers' Superannuation Scheme.

Actual pensionable pay for the eligible employment for 2022/2023	Contribution percentage rate
Up to and including £29,186	7.2%
£29,187 to £39,289	8.7%
£39,290 to £46,586	9.7%
£46,587 to £61,740	10.4%
£61,741 to £84,190	11.5%
£84,191	11.9%

### **Pensions Increase for mandatory and discretionary compensation payments paid to retired teachers**

### **CARE Scheme Revaluation**

The Scottish Teachers' Pension Scheme 2015 Regulations were made under the Public Service Pension Act 2013 (the Act). The Scottish Teachers' Pension Scheme 2015 (STPS 2015) is a Career Average Revalued Earnings (CARE) scheme and Section 9 of the Act deals with the annual "in-service" revaluation of CARE scheme benefits, preserving their value in line with rises in the cost of living. The SPPA website provides further information on the principles of CARE scheme revaluation.

The STPS Regulations provide for annual revaluation by reference to changes in prices. For active members this is at the rate of CPI plus 1.60%; for deferred members the rate of CPI included in any Pension Increase (Review) Order.

Section 9(2) of the Act requires the change in prices used for revaluation to be such percentage increase or decrease as is specified in an order made by HM Treasury. The Public Service

Pensions Revaluation (Prices) Order 2022 will fulfil that requirement in relation to prices and reflects the change in CPI of 3.1% in the 12 months to September 2021.

As a result of the increase for CPI, the in-service revaluation for the STPS in respect of 2021/22 will be 4.7%.
